#### What's new at BCS? Read Headstats!

by David A.G. Cruickshank, Headmaster

The following is but the tip of the iceberg in a dynamic process of education through participation that is the hallmark of BCS. To really 'feel' this process, this electricity, you have to be here when the School is in session. We welcome Old Boys and Old Girls who can come by for an hour or for a day to celebrate with us the treasure that is BCS.

#### **Academics**

#### General

- Almost 1/4 of School on Headmaster's List (80% or above)
- Six major entrance scholarships to Canadian universities for September '88.
- I successful applicant to United World Colleges for September '88.

#### English

- Inscape, student literary magazine, awarded "superior rating" by the National Council of Teachers of English. This is the first time a Canadian student literary magazine has been awarded a superior rating.
- two of four CBC Radio Quebec *Great Short Story*, under-18 category, prizes awarded to BCS students.
- First Prize Quebec Association of Independent Schools Essay Competition (Junior Division).
- 13 literary pieces published by the Jewish Public Library's student literary publication *First Fruits*.
- Student writing published in *The Writer's Voice*, an anthology produced by the Quebec Ministry of Education.
- Winner of Round Square Essay Competition
- *Pandora VI*, an anthology of student poetry, published 15 pieces by BCS students.
- Visiting writers at BCS: Roch Carrier, Ron Graham (Old Boy), Gary Geddes, Grant Johnston (Old Boy), Janet Lunn, Michael Harris (Old Boy), and Anne McLean.

#### French and the Bilingual Program

• Beginning September 1990, BCS will offer an optional bilingual program, enabling an even greater number of our students to leave BCS at home in both our official languages.

- We owe a great debt to the members of the Molson Family Foundation for the support and encouragement they have provided.
- Ken McCaffrey, former Housemaster, will rejoin the School as Program Coordinator. He returns after successful terms as Head of the Calgary French School and, most recently, of West Island College (Calgary Campus) French School.
- As of September '88, 22% of School has French as mother tongue. 38% of English-speaking students are categorized by our French Department as bilingual. Therefore 60% of the School today is bilingual.

#### **Mathematics**

- Host to Third Annual Math. Competition for local elementary schools.
- Form VI Math Team ranked 26th of 1187 competing schools in Canadian League Nationals.
- One student will participate in Canadian Invitational Mathematics Challenge, based upon his 26th ranking of 22,874 Canadian students writing the qualifying exam.
- BCS Team placed 3rd of 12 Quebec schools in the Canadian Mathematics League Competition.

#### Drama

- Little Shop of Horrors (87/88)
- Ligue d'Improvisation du QAIS (88;89)
- •Whose Life Is It Anyway November 88
- Noon Hour Theatre

Form V original script

Form VI original script

Form IV vignettes

French theatre: Mousse - April '89

#### Music

• 90 students in Senior, Junior and Stage Bands, 68 in the Choir; 50% overall in volved in music.

• Thursday morning Chapel presents student recitals (trumpet, flute, piano, organ, saxophone, vocal, etc.)

#### Study Skills

• BCS is in the process of designing and instituting a formal Study Skills program as an integral part of the BCS experience.

#### Athletics

• During the 87/88 school year, BCS students competed in 378 matches/meets. BCS teams won 19 Championships.

#### BCS Challenge

- Community Service: 40 students working in three homes for the elderly, one hospital, one nursery school, and with the Auberge Madeleine and The Old Brewery Mission in Montreal, and The Mission to Seamen in Quebec City.

# Teamwork - the cornerstone of success for BCS

by W. Bradley Mitchell, Director of Development

We have recently launched our Capital Campaign with spectacular evenings on successive nights in Toronto and Montreal. We've also held reunions in Vancouver, Calgary, Toronto, Ottawa, Montreal and Halifax during the past year. The Montreal Casino Night last winter was a smash hit. We had a successful phonathon in March. We held six class reunions. And now we're about to hold our Annual Gala Theatre Night.

What is the key to success in these endeavours?

In thinking about this question, all the usual phrases like "hard work", "dedication", "commitment", etc. spring to mind. But who does the hard work? Who is dedicated? Who is committed?

Needless to say the Development Office at the School is a hive of activity. Maggie and Kim have forgotten what seven-hour days and work-free weekends are. But the key is **teamwork** teamwork between those who work at the School and **volunteers**.

Who are these volunteers? Take a min-

ute to think about the commitment made by those who are members of the Board of Directors of BCS. By those who serve on the Alumni Board, in Montreal and in Toronto. By those who have served on the Long Range Planning Committee and the Needs and Resources Committee. By those who are presently on the Capital Campaign Committee. Think about the time and effort required by any team responsible for fund-raising events. Remember those who participate in our annual Phonathon, our regional reunions, our class reunions. These people are volunteers, all of them.

Where would we in the Development Office at BCS be without them? The message I want to convey is that teamwork, the partnership between those of us who work at the School and those who give of their free time to work for the School, is the cornerstone of success for BCS.

Never has this been more true than now, as we embark on the most ambitious project since J.K.L. Ross built the present School in 1917. Included with this Bulletin is a card asking you to volunteer. Yes, we're asking for Bradley Mitchell and Campaign Launch

Bradley Mitchell and Campaign Launch organizer Penny Price.

your financial support for the Annual Giving Campaign, but equally important we want you to get involved. We need class agents, decade reps, regional reps, admissions reps, people to host receptions, write letters, address BCS gatherings, provide information for prospective students and their parents, organize class reunions the only limit is imagination! Join those who already are involved. The years ahead will be challenging years. With your help our dream for BCS will become a reality.

#### Archives Update

The following people have donated items to the BCS Archives since April:

#### Molson Family pledges funds for bilingual start-up

Last spring the Board of Directors of the School voted unanimously to establish a bilingual program at BCS. The Molson Family Foundation then approved a grant of \$230,000 towards the development and implementation costs of the program.

Stephen Molson, Secretary of the Molson Family Foundation, said: "Immersion programs have been successful everywhere in Canada. At BCS immersion is already offered to French-speaking students. A bilingual program, in which both of Canada's two language groups are taught a second language, is considerably more complicated. The feasibility study of such a program by Claire Mian has shown it can be done at BCS, and how it can be done. We're all encouraged that at last it's taking off. There's something positive, very positive here, and we're going with it."

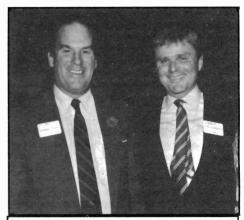

Stephen knows that in supporting the bilingual aspects of a BCS education, he and his brother Eric and sisters Deirdre and Cynthia are carrying on the wishes of their late father, Thomas H.P. Molson, and their uncle, Hartland de M. Molson In hindsight both men were ahead of their time. Tom Molson was a member of the Class of '18. That year he won the Governor General's Medal for top student and

won the French prize. Hartland Molson is a member of the Class of '24. He too won the Governor General's Medal and the French prize.

Stephen well remembers his father saying: "You've got to be able to speak and work in French in this province if you're going to live here." Oggie Glass, who was headmaster during the 50's, remembers that Tom Molson would ask the same question each year at the Annual Meeting: "When is BCS going to turn out bilingual students?" "Uncle Hartland has always felt as strongly about the situation as my father did," adds Stephen. "That's why he's very much in favour of the bilingual program."

"We've continued to voice the wishes of two generations of our family. And now that the School has responded so positively, we are delighted to offer this financial assistance. Sure, costs are a problem and will continue to be. The School knows it must find support for the program somehow after two years. But we believe it will work, and we're prepared to do something to help it work."

BCS has come a long way. Today French classes are taught by Frenchspeaking Canadians. Speaking the language is as important as reading it and

Stephen Molson and Headmaster David Cruickshank at the Capital Campaign Launch party in Montreal.

writing it. The library has an extensive selection of French books and magazines. A French play is in the works. French is spoken throughout the School, wherever you go. As the Headmaster says: "French is now a lan guage at BCS, not a subject." And the implementation of a formal bilingual program is in the works.

As a result of the generosity of this family of BCS Old Boys and Old Girls, BCS will become the first independent boarding school in Canada to offer both its English-speaking and French-speaking students the opportunity to become bilingual Canadians. Thank you, thank you, Molson Family. Merci infiniment!

# Admissions outreach . . . Word-of-mouth sells BCS !

by Ann Mitchell

People are talking about BCS these days. The academic programs are outstanding. The students are challenged but happy and proud of their School. Their parents are telling friends about BCS. Former classmates keep in touch and love to talk about their old school days. These people aren't promoting the School by intention; there is no form of active recruiting. But they are talking about the place.

Bob Perrier, who is Director of Admissions, is delighted with the help his department receives from supporters of the School. "Our alumni and parents make the admissions process easier," he says. "Close to 80% of the present students are here because they heard about the School from a friend."

#### The dream: a network of admissions reps

Bob dreams of establishing an Admissions Outreach Team. "If we get most of our students by word-of-mouth now, when there is no active recruiting program," he says, "just think what we could do with regional admissions reps spread across Canada, in areas of the U.S., and around the world."

Bob was invited to the September meeting of the BCS Alumni Association Board to talk about his idea. The Board warmly endorsed his plan to involve alumni in the admissions process. Subsequently, Susan Marpole has been appointed Alumni Admissions Liaison Rep to work with the Admissions Department in order to help set up reps throughout the world. She is now seeking to identify alumni who are interested in becoming reps.

Later that month, Bob spoke on the same topic at the BCS Board and Faculty dinner, which was held for the first time at the School. His idea of involving both alumni and parents in the admissions process was again positively received.

Bob explains what he has in mind: "I see a system of world-wide reps, perhaps an alumni/parent team, in key areas.

For example, we already have an Old Boy in Japan who has sent us the seven Japanese students we have here now. He is armed with the school video and our literature. He knows what we're looking for; he is kept up to date on how the Japanese students are doing here and what is going on at the School. As a result of his success, he now makes a conscious effort to screen suitable candidates for us. Another Old Boy has volunteered to meet with candidates in Hong Kong. Parents have organized information sessions in Halifax, in Bermuda, in Saudi Arabia, and in the Bahamas. If Sue Marpole can identity alumni to be reps, we in the Admissions Department will help to identify parents to be reps."

#### The role of Admissions Rep

Bob explains the role of Admissions Reps: "The Admissions Department would provide reps with the prospectus, School video, the "School Profile" information sheet, and a monthly newsletter to keep our people up-to-date on School activities and important events. The reps would then be in a position to give a first-hand scoop on the School - parents to prospective parents, and alumni to prospective students.

"I don't see a lifelong commitment; area reps might change every year or two. But I should think that the feedback from knowing you're directly responsible for a student being at BCS would motivate you to keep up the involvement. Those involved now are enthusiastic - terrific - but it's just a beginning in what might well become a very broad BCS outreach program.

#### Admissions requirements

Bob talks about the present admissions requirements: "BCS admits students with a solid academic record, with motivation to pursue their interests, and a positive attitude towards education. We look for boys and girls who will be active in extra-curricular activities, and who will contribute enthusiastically to a healthy energetic community.

"In the case of students for whom English is a second language (ESL), we are more selective and look for above-average ability because they are faced with additional challenges. They must enter BCS in the lower grades . My colleague in the Department, ESL teacher Shirley Brown, selects these candidates carefully. As their student advisor, she continues to review their progress and meets with them every day until they are able to go into the regular stream."

Another Admissions Department colleague Judy Detchon brings special expertise in learning skills to equip her to screen those who might have specific weakness in learning. Judy says: "We can handle most weaknesses and students who are able, but poorly organized. However, there are some we can't handle, so I then conduct a more elaborate battery of tests and help the parents find appropriate schooling."

#### BCS sells itself

Judy says: "The admissions procedure at the School takes at least two and a half to three hours - sometimes most of the day! The School sells itself. The campus sells itself. Parents become excited about sending their child when they see the energy, the spirit and the vibrancy in the School. They see happy faces. As a matter of fact, we've had parents ask if BCS would accept them!"

Scholarship exams take place in November, January and March and each year the number of applicants sitting these exams grows. Last year 50 boys and girls wrote the exams. This year the Endowment Fund has provided \$225,000, in scholarships, bursaries, and loans, for one-quarter of the student body.

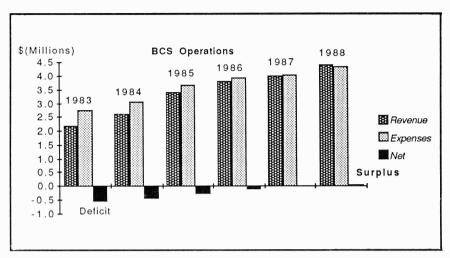

Bob Perrier sums up his need for alumni/ parent teams: "One-third of our students graduate from BCS each year. So each year we enrol almost 100 new students. We hope our admissions reps will be proud to represent the School, and feel it an honour to help the Admissions Department select BCS students of the future."

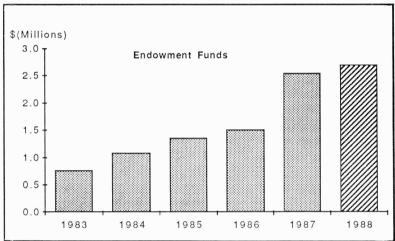

Anyone who is interested in becoming an admissions rep is asked to check the appropriate box on the insert card: Please get involved!

#### Financial highlights

#### Bishop's College School

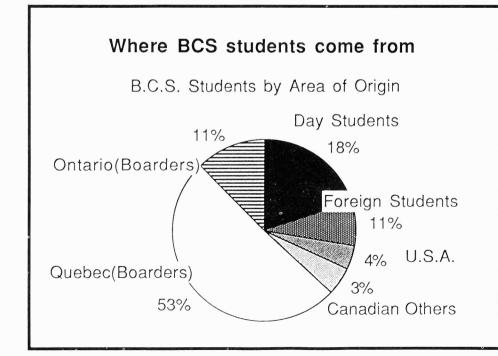

Substantial progress has been made in controling the operation of the School as indicated by the chart which compares operating results from 1982/83 to 1987/88. Our latest year is finally in a surplus position and we look forward to continuation of this trend.

#### Bishop's College School Foundation

Our Endowment, thanks to the generosity of Alumni and Friends of the School, continues to grow and now provides scholarships, bursaries and financial aid to 60-70 students each year.

#### Attention Parents!

If your son or daughter no longer lives at home, and has a permanent address elsewhere, would you please provide BCS with his/her new address. Thank you.

#### NOW THAT WAS A REUNION!!!

by Andy Blair

I bet there's never been a reunion that engendered as much fun as the collection of "old boys" that gathered at the School last May from the years '37 - '38. It was all George Buch's idea. To gather up a collection of the old codgers was no mean feat. But the twenty-four "elder" gentlemen who met in Dominion Square to take the bus to the School was proof of the pudding. Some old boys never die.

It was great fun identifying the Old Boys are they gathered. The years had changed them but they were still the same. And each one wore a name tag bearing a photo taken while he was a boy at BCS. It was a merry crew. The stories started on the bus. The ball started rolling with memories of years gone by.

Remember the feeling when you were a child just before the Christmas tree? That was the feeling on the bus as we drove up to the School. There it was, something solid that was part of our past, something that would never change . . . just like the boys on the bus.

But changes were there. Lunch was served in the Dining Hall, cafeteria style, yet. And a choice! Remember Old Ma Bell? Boy, you ate what was put in front of you. I still think she used to attack a steer with a chain-saw, and that was how the roasts were served for Sunday dinner.

Memories, memories, everybody adding to the myths and legends of the School. "Remember Bull Allen's short 'Grace" . . . "Ernest Hawkins had nothing but brown bread and honey for breakfast" . . . "That's where Jimmy Young sat . . . " We toured the School and its new facilities. Then a visit to a Lennoxville pub and brewery, once the site of Forest Lord's funeral parlour and Nelson Andrew's taxi. On to Domaine St. Laurent - Compton, in the old days, where boys were definitely frowned upon, - now a convention centre.

The banquet following was memorable. Stories! Repartee! Traditional BCS jokes! Rude remarks of past performances of those present! I am sure I heard yet another rendition of "Crossing the Tracks"! Looking around at the Old Boys, I couldn't help but think how little we all had changed. Oh yes, we're older, but the old spirit is still there. I was sitting next to "Pat" Patriquin. To think that he survived teaching that rowdy crew and is as fit and well as he is today. Must be his "Maritime" blood.

I guess the Service in St. Martin's Chapel on Sunday morning brought it all together. Walking into the Chapel, I remembered the old gym, decorated for the 100th anniversary dance. Now it is a wonderful place of worship for the students of today and for years to come. It was a time for joy and sadness. The old hymns brought back memories of boy sopranos in the junior choir. George Buch read the names of schoolmates who fell in the War, and Patricia Peacock, the Chaplain, read the names of those who have died in the following years. I think the proudest moment of my life was when the Chaplain asked the students to welcome us with applause. They did. The boys - and girls! turned and faced us with smiles and made us feel that we were still part of them, part of the School. I'm sure there wasn't a dry eye amongst us.

After a wonderful meal as guests of the "Head" at Plantation, we climbed onto the bus for our return to Montreal. It was a much more subdued trip. There were too many memories. But one thing I can say, and I am sure I speak for all of us: thanks, David, Graham, Brad, Kim, George and all involved. It was a wonderful weekend. We won't be there for the 200th Anniversary, but I am sure that the Old Boys present then won't have a better time than we did.

This photo was supplied by Jack Goodson.

Graham Patriquin, in lieu of an after-dinner speech, agreed to write a report of the evening, which was subsequently sent to each of the Old Boys who attended the reunion. He agreed to the publishing of excerpts in The Bulletin.

This had to be the most fulfilling of the eighty-six years of Old Boys' reunions. The concept of a return to the School, fifty years after matric, was George Buch's inspiration. . . Happily Kim Laliberte furnished enthusiastic partnership at the Alumni Office. . .

- . . . Further changes of a half century were reflected sharply in the total manliness of a joyous evening's beano in Domaine St. Laurent (King's Hall, in 1938) and in the presence of girls and a lady chaplain in St. Martin's Chapel. . . Lew Evans, Herbie Hall, Chris Love, Gordon Moffat and Miss Ella Morisette, R.N. were much in mind. . .
- . . . Goodwill and generosity distinguished this gathering. True to form, there was the usual incivility in the med-

ley of squelch and put-down throughout the dinner, but the needlers stupefied their victims with a liberal dose of anesthetic buffoonery, and feelings were unhurt. . .

. . . Archivist Jim Winder '52 had supplied each returnee with an ID tag, whose name and teen-age photo evoked instant remembrance, cogitation or fleeting disbelief. After the dinner he provided further evidence of the way it looked with several documentary films of the thirties, from the beanies, shorts and bicycles of the Prep, to first team action and the impeccable smartness of the Corps on parade. Again and again, the murmured reaction to the cadets' display was: "Were we that good?" You were. We at School knew it; Strathcona Cups and Earl Grey Shields testified officially to the primary of the No. 2 C.C. . .

- ... The Chapel Service was fitting to the occasion; the stirring days of Pop Page's outstanding choirs bred a lifelong enthusiasm for hymns demanding youthful vigour. . . Without constraint, Old Boys confessed to tears as they shared in the hymn, God Be With You Till We Meet Again. . .
- ... After Chapel, at the Headmaster's invitation, enthusiastic girls and boys put questions to an informal panel of Old Boys, outside the cloisters. They pried into the past with inquiries about the nature of crime and punishment half a century ago. . .
- ... The G.E. Buch charter bus reluctantly edged out of the gravelled drive onto the East Sherbrooke Road and Montrealwards.

## "Friendships still strong"

by Craig Fields

The Class of '78 organized a reunion at BCS for Thanksgiving Weekend. A group of us in Toronto met regularly to plan the gathering. We designed our own letterhead; we designed our own sweatshirt.

On Friday, October 7th, four of us, Karma (Hallward) Price, Eli Lee, Tim Matthews and I, met with the sixth and seventh forms to talk about universities and careers. It was interesting for us and hopefully of benefit to the students. The Friday Chapel Service brought back many memories.

Saturday morning found fourteen of us, with spouses and friends, back at the School. Some of us played soccer and

football; others watched. We attended the Reception and Lunch in the gym for all returning alumni, and eventually headed to the Pilsen Pub in North Hatley for a pint or two. Then on to a memorable dinner at Hovey Manor. Our spouses and friends fi-

nally had a chance to meet the people they hear so many stories about!

In ten years, many things have changed in our lives, but the friendships remain strong.

#### Forty Years On . . .

by Ann (Pitt) McGee

Yes - "growing older and older", but oh so happy to see each other, so overjoyed to be together again.

It wasn't a reunion of today, of last week or last year - but forty years ago. Ten members of the class of '48 hugged each other, laughed till they cried and remembered - how we remembered!

We all dreaded seeing the 'school' converted to a hotel and convention center. How wrong we were! Domaine St. Laurent has been converted with such good taste and so much effort to retain the original flavor of the school, that we enjoyed every minute we spent there.

Barbara, always our Head Girl, reminded us we were late as usual, while Martha shook with laughter and photographed our antics. Chee Wee chirped her way along with her usual wit on our sentimental walk. Dione reminded us that: "That was where Billy was stalled", and

Third row: Margot Cowen, Tony (Sharp) Newman, Nicky (Druce) Connolly, Ann (Evans) Belton, Kathy MacCulloch. Fourth row: Carolyn Gibson, Sue Marpole, Pam (Fletcher) McCurdy, Martha (Cassils) MacDonald.

#### Twenty-five years on . . .

by Martha (Cassils) MacDonald

Girls came from as far away as England, British Columbia and the U.S. for our Class of '63 reunion last May. "Dougie" brought her fiance, brave man, who became the official photographer.

The weekend started with a Friday dinner at the home of Sue's parents. Squeals and hugs went on for ages - the talking, nonstop! Janet's old photos certainly brought back memories. Sue had to stamp her feet to quiet us so we could organize car pools for the next day's trip to Compton.

At Domaine St. Laurent the memories came flooding back - despite the changes there. We had lunch in the "Library" and then prowled through the old school. "Dougie" found her name scratched on the bar. Nikki found hers on the attic wall! Janet played the piano for us, outside the "Prep Hall".

commented that Joan and Mary were no better at tennis now than forty years ago. (Not true!) We worried because Anne seemed to have diminished in height. (Cheer up Class of '88 - gawky girls do become beautiful women!) Betty told us stories long since forgotten. Ibby regailed us once again about her brother and "the trunk". We sorely missed Alison Moreira who couldn't come at the last moment.

Special thanks to Headmaster David Cruickshank for making us so welcome at BCS on Sunday morning, and for the lunch, highlighted by our reunion with Gilly, who, needless to say, remembered us all. We enjoyed the Sunday morning Chapel Service and the choir was very impressive.

We're already planning our 50th, and counting on Barbara, who did such an excellent job this time, to organize the next. Your reporter enjoyed every minute of the weekend!

Next, tea with Gilly at BCS. It was very moving to see her after all these years. She looked so well... it must be all her bike riding. She caught up on all our news while BCS girls served tea. Thanks to the Cruickshanks for making their home available to us.

We spent that night at La Taverne Greque in Montreal talking, more talking. Had we been together for a week, we'd still be talking! We presented Sue with a KHC sweatshirt and commended Jane and Claudia for coming from farthest away.

Thanks to Sue, Mary and Kathy for organizing everything. They did a fabulous job. Now I'm looking forward to our 30th!

Our 20th Reunion was GREAT!

We met Saturday morning at the old school, toured the hallowed halls recounting many stories. (The floors in the lounge still squeak; the Glass Passage is the same with lots of greenery; Matric room is now a games room with a pool taable; the swimming pool is fabulous and in constant use; the old staff lounge is now a bar where our old carved up desk tops are bar tables. Sounds good, eh?!)

Miss Gillard met us for lunch. Gilly was in great form, recounting many stories and listening to the updates. She's a remarkable woman - so alive and vibrant at the young age of 95. The hours we spent with her just made the reunion - period!

After lunch we were given the VIP tour of BCS by Kim Laliberte. We bought KHC sweatshirts and looked at

old KHC and BCS Year Books. The laughing and memories started all over again.

On a sad note - we donated a red maple tree in memory of Norah Carter McLean who passed away in May. We gathered where the tree will be planted behind Gillard House and read a poem Norah had written. Everyone said a few words - I know she would have been happy.

Saturday evening was spent reminiscing, looking at old and new pictures, listening to '60s tunes, eating and drinking. Yes, you guessed it - we even had Mr. Burt's chocolate sauce!

A good time was had by all. We missed you absent ones. Nora Cook and Kathy Oughtred have agreed to organize our 40th!

#### **Alumni Activities**

#### News from the Alumni Board

by David Jones, President

The past year has been very successful for the BCS Alumni Association. Most important, to my mind, is the increased participation of alumni in the various reunions, parties, etc. we have organized during the year.

I am also very pleased that the Board of Directors of the Alumni Association continues to strenthen and has become an active dedicated group of motivated Old Boys and Old Girls - both in Montreal and in Toronto.

We welcome to our board the following new members: Tim Price '75, Richard Vaughan '76 and his wife Jennifer (Campbell) '76, Carlotta Stoker '81, Andrew Ivory '80, Alex Johnston '86 and Tim McGee '75.

As always we seek your help in several areas. In conjunction with the Board of Directors of the School and the Admissions Office, we intend to set up a network of "Friends of BCS" who would be

willing to help identify parents of prospective BCS students and provide information and counsel for them. Susan Marpole, who is on our Board and on the Board of the School, will act as liaison between the two Boards and the School in this matter.

As the Capital Campaign begins, the Alumni Association is dedicated financially in our support of the success of the Campaign. (We have already committed \$75,000.) To that end we will work very closely with the Capital Campaign Committee to establish a network of class reps to help organize the Alumni Giving portion of the Campaign. If you are willing to help, please get in touch with Bradley Mitchell in the Development Office.

The Board of the Alumni Association remains dedicated to our goal: to encourage a vibrant and active group of alumni. We welcome your ideas and support. Let's make 88/89 an even better year than ever before!

# Capital Campaign off and running

#### Directors pledge more than \$1,000,000 to Campaign

Campaign Chairman Kip Cobbett announced at the Campaign launch dinners that the Directors of the School have pledged in excess of one million dollars towards the Capital Campaign.

This is an extraordinary achievement! It underscores the Board's commitment to preserving the best of the School's past, while helping to ensure the success of its future.

A Campaign for BCS was launched at a dinner in Toronto on November 2nd and at another in Montreal on November 3rd.

Spirits, already high, soared as hundreds watched a magnificent multi-image audio-visual on a screen twenty-seven feet wide and nine feet high. Rare archival footage, both still and moving, opened the presentation. Several Old Boys and Old Girls were astonished to see themselves in the old photos. The School choir, singing For All The Saints, accompanied shots of BCS today.

Then thoughts turned to the future as the Chairman of the School, the Headmaster and the Campaign Chairman told of plans, of hopes and of dreams which are about to become a reality. (Excerpts from their presentations can be read on pages 14-16)

Yes, the Campaign for BCS has begun. These four pages cannot begin to describe the nostalgia for the past and the excitement about

the future shared by those who were there - but they try . . .

Special thanks to Launch Organizer, Penny Price, who accomplished the miracle of back-to-back dinners with exceptional skill and

patience. To Jill (Rankin) Cobbett who created a seating plan for almost 600 guests. And last, but certainly not least, to the School's anonymous donor, by whose generosity these wonderful "family" gatherings were possible.

Good evening. I'm delighted to see you all, and I hope you are enjoying this very important event in the life of the School. Our purpose is to celebrate the beginning of one of the most important periods in our School's history.

Especially the present. You may not be aware of what a magnificent job the Headmaster and Faculty and Staff have done of making BCS a uniquely important Canadian resource. It is their achievements that have led us to the point where this campaign is both necessary and possible. I don't think there has ever been a time when there has been a greater sense of excitement, of electricity, of expectation in the air. David and his people have performed a kind of educational magic on our campus.

You don't, of course, just <u>teach</u> values. Today's students learn these important lessons just as we did - through the sense of community experienced at Chapel;

through the development of social responsibility that comes from reaching out into our community;

These intangible influences are probably the most important legacy of the School to its students.

One of the School's greatest achievements, for example, is the way it has resolved the issue of coeducation. It made a full commitment to the merger with King's Hall, and the result has been the preservation and enhancement of the best characteristics of each School. Girls now make up almost half of the student body, and at a time when many independent schools are still struggling with this issue, BCS has made it one of its strengths.

The make-up of our School - like Canada itself - goes beyond English and French. About 10 percent of the students come from countries other than Canada. The presence of these varied cultures and traditions broadens the horizons of every student and teacher.

Male and female; French- and English-speaking; a blend of nationalities; a variety of backgrounds. Each of these characteristics of Canada is reflected at BCS. I believe that the School mirrors what is best in our society, that this accounts for BCS' special place in Canadian education.

The plain fact is that BCS has, after a great deal of hard work, become a great School. It has stretched its resources and facilities to their utmost and in many cases, somewhat beyond. It has "kept troth" with its family, and with its community.

dialogue between Shirley H. Stoker, Chairman of the David A. Cruickshank, Headmaster, was part of the the Campaign Launch Dinners.

#### David A.G. Cruickshank

This is the kick-off of our Development Program, so it is a beginning. But in an important sense, it is also a continuation of a story that has been unfolding for 150 years. The future that the Development Program looks forward to is built firmly on the foundation of the School's past and present.

If we could <u>really</u> do magic, we wouldn't need a Development Program. Whatever success we've had has been the result of the hard work, the high standards, and the mutual loyalty of the Students, Faculty, and Staff. And that rests on what is one of the great strengths of the School - our tradition of going below the educational surface to focus on the more elusive dimensions of character and values. . .

through the discipline and self-discovery that is at the heart of the cadet program;

through the sense of cameraderie and teamwork built into the Players' Club and the athletic teams and the clubs and organizations and committees and all the endlessly evolving smaller groups within the larger school.

Tradition and a strong sense of values are BCS hallmarks. But there is one other element present in today's BCS that I think may be an even rarer quality. Because of its history, its geography, and the course it has set, it mirrors the vital elements in Canadian society. It is a truly Canadian school.

As equally important factor at today's BCS is the way we have approached bilingualism. With its roots as an English-speaking school in a largely French milieu, BCS is uniquely positioned to make a major contribution to Canada's future. The School gives English-speaking students a unique opportunity to learn French, not just as a classroom subject, but as a living language. We are committed to building on our natural advantages by developing the finest bilingual program in the country.

Another aspect of the School's diversity is the variety of social and economic backgrounds of its students. BCS' scholarship program has opened its doors to many students who would not otherwise have been able to attend. Our scholarship students have enriched the School by making it more representative of the larger society.

For over 150 years - longer than there has been a Canada - BCS has been producing the most important resources in any society; graduates with breadth, with depth, with inner strength, with external awareness. This is education at its highest level.

But we have reached our limits. To continue to grow, we need to renew our facilities to match the quality of our people. The Development Program that we are beginning tonight will do that. We are all looking forward to the opening of the next chapter of the School's story.

The following excerpts were taken from the presentation made by Kip Cobbett, Campaign Chairman, at the launch dinners:

- ... We're ready! We're ready to kick off this campaign because of the tremendous support and dedication from many, many people who have contributed to our planning process. This evening represents a turning point, for we are now moving from the planning process into the execution of the campaign itself.
- ... I hope that when you leave here tonight you will understand the reasons for this campaign and its objectives, the years of planning that established these objectives and the importance of the campaign to Bishop's College School.
- ... Think about our Campaign goal of \$14 million for a moment those numbers represent a great deal of money. We would not dare to approach people for that kind of support without having given the matter considerable thought and preparation, and that is just what we have done. (At this point Kip spoke of the years of planning and preparing for the Campaign.)
- ... The final recommendations of Michael Huband's Plans and Resources Committee are not just a wish list. The Committee has been vigilant in applying the principle that only items that are essential to carrying out the School's educational mission would be considered. There is no fat, there are no luxuries, and there are no frills in our plans.
- ... The Capital Campaign Committee has made my life easy and has done just an enormous job of organizing everything that goes into an undertaking of this magnitude. I'm proud to be part of that team.
- ...I'm going to spend the next few minutes presenting to you the highlights of the plans for the School... I want to reiterate the importance given in our campaign budget to scholarships and other academic programs. We plan to add \$4 million to our present endowments for these purposes over the next ten years. It is only because we have had some success in recent years in building our scholarship endowment, that we are able to devote vitually all of the first money raised in the Campaign to the Building Program. (Kip discussed the Building Program.)
- ... When you're dealing with an institution that has traditions as strong as ours, any discussion of change raises fears that the features that we remember and love will somehow be tampered with. I can assure you that everyone involved has been extraordinarily sensitive to preserving the School's best qualities. We will be extending and enhancing our traditions, not replacing them.
- ... Tonight I am proud to announce that the members of the Board of BCS have personally committed in excess of one million dollars to this campaign.
- ... During dinner models and plans of the new buildings have been placed in the reception area. I hope you will take the time to look at the display and let us know what you think.
- . . . Ladies and gentlemen, thank you for coming tonight. The Campaign Committee is looking forward to the next few months and years. We will be talking with you. We hope that you will look closely at the great things that are happening at BCS. And we hope you will get involved, and spread the word.

# Prince Philip to inspect BCS Cadet Corp

The United Empire Loyalist's 1989 National Convention will be held at Bishop's University on May 20 - 21. Mrs. David Macdonald Stewart will be the UEL's Honorary Convention Chairman. His Royal Highness The Prince Philip, Duke of Edinburgh, will be guest of honour.

During his visit, Prince Philip will inspect the BCS Cadet Corps on May 20th. For this occasion the UELs will be piped across the St. Francis River to BCS to observe the Inspection. Many will be wearing period costume.

It is believed that His Royal Highness will also present the Duke of Edinburgh Gold Medal Awards at the School on May 19th. This year marks the 25th Anniversary of this award in Canada. Furthermore, on Sunday May 21st Prince Philip will read one of the lessons during the UEL Service which will be held in St.

Martin's Chapel, BCS. The Chaplain, the Reverend Patricia Peacock, will conduct the Service and the Choir will sing.

Okill Stuart BCS '37, who is a member of the UEL Convention Committee, set the plans in motion for the Prince's visit. The two men attended Gordonstoun together, and Okill has been the guiding light behind all of the plans for the weekend.

1989 is a significant date in the history of the UEL Association, as it marks both the 75th Anniversary of the Incorporation of the Association and the 200th Anniversary of the signing of the Order-in-Council by Lord Dorchester placing a "Mark of Honour" on the Loyalists at Quebec. Prince Philip will also be the key-note speaker at the Convention's black tie banquet on the Saturday evening.

Old Boy returns to class: On October 4th journalist and author Ron Graham returned to his old School. For more than three hours, he spoke to English classes, assembled in the library, and answered their questions. He lunched with a group of students and answered more questions! Ron explained the basic skills necessary for a writer. He told the students how a T.V. series is produced (*The Canadian Establishment*). He described the research for *One-Eyed Kings*, his best-selling book about Canada's last four Prime Ministers. For their turn, the students particularly wanted to know about power, about Conrad Black, about the leaders of Canada's three national parties, about the issues in the forthcoming election. The students loved him. Here was a man who spoke from first-hand experience!

Brigadier General S.V. "Rad" Radley-Walters BCS '37 returned to his old School last May as Inspecting Officer of the Cadet Corps. He is shown in this photo presenting the Strathcona Trust Medal to Cadet Major Helga Wolf. The medal is awarded to the "best cadet irrespective of rank".

#### Changing places - a teaching exchange

Last spring Malcolm Jack from Loretto School in Musselburgh, Scotland, and Vincent Jansen from BCS changed places - countries, jobs, homes and dogs. This was a first for both schools. Here are their thoughts on the experience:

Malcolm and Joan Jack

#### Canada, here we come!

by Malcolm S. Jack

*First impressions*: - a mass of students buzzing around outside Chapel; swapping vacation exploits - no difference so far!

- early lessons pupils seem very self-assured, friendly, inquisitive and curious.
- the staff warm, friendly, helpful and welcoming.
- rugby crease 80+ boys from "teanies" to "hugies". Could I devise some practices for them all as a club? Of course . . . help!

The students proved to be very stimulating in the classroom - occasionally too stimulating for one used to a more reserved British approach. I met up with the grade-grabbers in an academic system that has perhaps moved too far from 'exams only' towards 'continuous assessment'. Standards similar, however, given the tortoise and hare difference in approach at times.

Looking back, the teaching experience was very stimulating. My confidence was met by even more self-assurance in the students. I was challenged and made to justify my corner and for that I am grateful. It is an excellent stimulus (though it may not seem so at the time) to have different ideals thrust upon you you have to step back and look at your "base-line" again - and yes, be prepared to admit you are not infallable.

I have learned from my term at BCS. I hope BCS learned something from me! This must be the first of many Staff Exchanges. Please get on with it - I want it to come round to my term again soon!!

Vincent and Jane Jansen

#### Scotland, here we come!

by Vincent Jansen

The challenge of a new country, the exchange of ideas and strategies. Teaching agricultural science - (I teach physics and chemistry!) What an impressive design and technology centre - a compulsory course for all Lorettonians.

Sharing, observing, contrasting, comparing - 'What do you do at BCS when . . .?' The norm is a very disciplined approach towards academics - en route to final exams (0 - Level and GCSE exams). Much less student-teacher interaction. Little deviation from the curriculum. Students, somewhat more passive than our own, but their study and work habits very clearly defined. And their notes so neat! Academic awards for individual excellence few; emphasis placed on the whole or team approach.

Playing cricket, fives, and cycling in the Midlothian hills. Coaching basketball and American football to young rugby-oriented Scots. They sure could tackle! Lorettonians participate in a very active athletic program.

The staff so open, friendly and supportive. All involved in the life of the School, including the Cadet Corps, a rarity in Scotland.

Participating in this exchange, meeting this challenge, has renewed my enthusiasm for teaching. It was an opportunity for personal and professional growth. I would recommend an exchange as part of every teacher's career.

Once again a wonderful turnout for Old Boys' Rugby

# News of Staff - Past and Present

Chris Love was the subject of a recent cover story in *Vic Report*, the magazine of Victoria College. The article took a long and loving look at Mr. Love and his wife Vi, including a glimpse of their life at BCS, where the Loves became "surrogate parents to a house full of boys" . . . "The study of his home is filled with photographs of BCS teams, cricket, hockey and football" . . . "Says Mrs. Love, 'We were ideally happy there. We've never known a more gracious sort of living.""

Gilly is spending this winter in North Hatley, happy to have Rahno (Aitken) Taylor's son and his wife living with her. She has now cycled 10,225 miles on her stationery bike, reminding the editor that the total does not include the countless miles she cycled during the past two winters when she was visiting Meg (Aitken) Applebee.

Gary Harvey is in his third year as head of the math department at West Island College. In April he married Avril Kent. He is still coaching soccer and basketball and playing soccer for Dorval in the Senior Provincial League.

Len Gingras, "the whistling mailman", retired from the School last spring, but not before seeing one of his poems published in the Yearbook.

Mike Griffin has become the new Posmaster.

Robert Common and his family have moved to the midlands of England, where Robert is a member of the faculty at Abbotsholme, Rocester, Uttoxetter, Staffs. In January the first BCS-Abbotsholme student exchange will occur. Abbotsholme will be the site of next year's Round Square Conference.

Rita Hawketts and her husband Chris are leaving Gillard House after seven years to relocate in Saint John, N.B. Rita says she would be pleased to hear from any old Gillard Girls.

Jim Strickland flew out to Vancouver this summer with his 10-speed bike and rode it back to Lennoxville . . . in 33 days! A surprise party, complete with finish line, champagne, banner and television camera greeted him on his return. Jim is 66 years old, and coaches the BCS cycling crease. He hopes to finish the cross-Canada trip by riding to P.E.I. next summer.

Charles Peacock has been appointed Chairman of the BCS Challenge Program, taking over from Robert Common.

'20 Hartland Molson was honoured in pregame ceremonies at the Montreal Forum on October 17th. The Gazette referred to him as "an off-ice giant". A former owner of the Montreal Canadiens, Senator Molson, 83, is retiring from the Molson Companies Ltd.

'29 Jonathan Meakins is still the Registrar-in-Chief at the Royal Victoria Hospital. At 76, he swims one-quarter of a mile daily, plays golf, and loves to travel with his wife. He is the proud father of Joe '58, who has just been appointed Surgeon-in-Chief at the Royal Victoria Hospital in Montreal. He has three grandchildren, one of whom attends McGill.

'32 Jean (Paterson) Pineo, who lives in Kennebunkport, Maine, asks: "Is there anyone still around from the class of '32? Would love to see you if you come to the 'port dur-

ing the summer."
'35 Peter McEntyre has received an honorary doctorate from Concordia. He is an Alderman of Country Home at Entrelacs, Quebec, and Chairman of the Audit Committee of the Montreal Neurological Hospital.

'36 Pamela Merrill Cook writes: "As Pamela Merrill Peck, I have lived in Victoria, B.C., for 19 years, painting in my waterfront gallery studio. On August 29th, 1987 I married Murray Cook, under the plum tree in his charming herb garden, at Sooke, B.C., a beautiful half-hour drive from downtown Victoria. He retired from Foreign Service to active Herb Farming of over 100 varieties, which I help to pot and sell, when not work-

ing in my studio. We would be delighted to have any Old Girls or Boys living near here or visiting come and see us. Congratulations on keeping us in touch."

'37 Okill Stuart referred to the 50th reunion as "the best show ever. Must do it again." He suggests that the next reunion include all Old Boys up to the Second World War.

'37 Graham Egerton, who came from Swansea, England, for the fiftieth reunion, writes: "Retired from British Airways. Have lived in U.K. since 1938. Married an English lady. Have a son and daughter, plus two granddaughters and two grandsons. Hobbies - photography and visiting the local pub."
'37 Bill Tyndale writes: "In July '87 attended

with Anne a seminar by the Canadian Institute for Advanced Legal Studies at Cambridge. We lived in students' quarters at Queen's College for ten days - shades of School House - but we loved the Seminar and, of course, Cambridge."

'38 Jack Goodson writes: "Same job, same babies, same marriage, no broken legs. It was an honour to return to BCS for our fiftieth anniversary and see again my old friends

and to feel 'young again'."
'38 Hugh Norsworthy writes: "Enjoying life as a Prof. in Faculty of Management at McGill, teaching marketing. Enjoy seeing Allen Boswell '34 and wife May just up the street in Hudson Heights."
'38 Eric Phelps writes: "After 50 years there

is still that wonderful BCS spirit."
'38 George Gass writes: "I have almost com-

pletely retired as a physician (Internist FPCP) in Sackville. I have enjoyed our weekend at BCS. It hasn't lost its wonderfulness.

'38 "Mac" Clarke runs a travel business in Stowe, Vermont. He also plays golf, loves salmon fishing and spends the winters

in Palm Beach, Florida.

'38 George Buch, who was among those responsible for the great success of his class reunion, writes: "Retired as President of Eastern Marine Underwriters in April '86. Attend the office one-two days a week. Share a house in the Laurentians where I am most weekends. My biggest problem, therefore, is trying to remember what clothes are at which house.'

'38 Bill Anglin writes: "My three daughters are all married and have two children each. Son Bill '74 is marrying a wonderful girl on August 28th. He flies too.'

'38 Andy Blair teaches marketing at St. Lawrence College and lives in Williamstown, Ontario.

'38 Garth Beckett is "just keeping out of trouble"

'38 Frank Packard writes: "Moved to Guelph last fall. Great reunion!"

'38 Billy Molson and Gail London were married in April. Billy is the father of Cathy '76 and David '79. Gail is the mother of Julie '87 and Mark

'39 Mary-Claire (Rea) Roman suggests that the incorrect spelling of her maiden name in the April Bulletin could have been due to the 'glugg syndrome'. The editor apologizes . . . and adds that the 'glugg syndrome' in no way applies to liquid sustenance!

'39 Hap Moreland writes: "Our reunion has been wonderful and I look forward to a couple of grandchildren attending BCS in the not too distant future. Still working and enjoying life!"
'39 Jim Kenny writes: "Still working but

load now carried by Mike '69."s

'39 George Winters writes: "Retired. Hobbies - Laurentian cottage, golf, skiing, both alpine and ski de fond. Three children - son (Toronto) and two daughters (Vancouver). Five and one-quarter grandchildren.

#### THE FORTIES

'41 Joe Nixon writes: "Living on Lake Simcoe. Lots of sailing and golf. Have five grandchildren. Wonderful wife. See lots of my school pals - Harry, George, Duncan, Hugh and their lovely wives, Patty, Joan, Mary, and Jane."

'41 (Prep) Jack Beatson dropped in at the School on August 5th with his wife and grandson. He visited the Chapel where he particularly wanted to see the Memorial Plaque. He is retired and living in Palm City,

'42 Norma (Taschereau) Carre writes: "Nothing new! Five 'children', ages 43 - 24. Last one is a Downs Syndrome child and doing very well - buses to work, swims in Special Olympics, etc. Number two daughter Anne (KHC '66) and her husband are both teachers. They plan to take their children and travel around the world on sabbatical next

year.
'43 Godfrey Howard has offered the Archives his copies of the BCS Magazine in the late 30's and early 40's. Through the School he was able to purchase a replacement for his old first team coat sweater, complete with new purple and white first team crest.

43 Rahno (Aitken) Taylor's son Ross and his wife Dena are living with Gilly in North Hatley this school year, while Ross completes his degree in English at BU. Meg (Aitken) Applebee '40 and her husband spent a week visiting Gilly and the Taylors this fall before going on to Halifax to stay with Rhano and her family.

'43 "P.A." (Jackes) Tryon writes from Winnipeg: "Just returned from three-week stay in mainland China. A must for all. I'm a Library Technician in an elementary school - a second career after family all grown. It's

great!!"
'43 Joan Price Winser has been the subject of at least two newspaper articles recently. The Toronto Star head-line reads: "Joan Price Winser, Canada's consul-general in Los Angeles, has taken the diplomatic corps by

storm and given Canada the highest profile it has ever had." The Ottawa Citizen column starts: "They look as if they were sent over from Central Casting - she's reminiscent of Lauren Bacall, throaty voice and all; he, (Frank Winser '37) a cheery W.C. Fields complete with a wry wit." Joan's mission is to sell free trade to Canada's largest trading partner. She is quoted as saying: "It is a long hard push, but I am down here to make them aware of Canada. This is why I believe you must get out and meet as many people as you can.

'45 Alice (Ross) and Peter Aird '44 moved to Alliston, Ontario, this fall. Alice writes: We bought an old red brick farm house in the middle of nowhere . . . between the little hamlets of Hockley and Rosemount . . . Any old-boys or -girls around there? . . . I am going to miss my close connection with BCS/ KHC . . . but Pete and I will definitely plan to attend Alum. events in Toronto."

'45 Jean (Dodds) Kazi is a part-time volunteer teacher at St. Bernard's Center for Learning, White Plans, N.Y. She writes: "Children, two to six years, are from homeless families (usually single-parent) living in hotels and motels. I read stories, show lady bugs, frogs, birds' nests, etc., provide hugs and attention to help prepare them for kinder-

garten in public schools.

'46 Willa (Birks) McDougall and her husband Jim visited BCS on August 29th for a quick tour of the School. They were en route to have a nostalgic lunch at Domaine St. Laurent. Victims of polluted air due to the PCBs fire, they were forced to leave their Mt. Bruno summer home with only the clothes on their backs, and they took refuge with Huck Henry in Knowlton.

'46 Colin Baird and his wife kindly offered to host the BCS reunion in St. John's in October. However, as it turned out, many of our alumni who live in Newfoundland, were away at that time and the evening was cancelled. We understand that the Bairds and the Goodridge gang (Harold, Noel and Ted) partied together that night anyway. Next time

'47 Sheila Stewart and her sister Margaret Fanjul '33 travelled from Florida for their annual visit with Gilly in October. Sheila says that she, Frances (MacCharles) Jukes '42, Elizabeth (Sewall) Gary '42 and Margaret-Ann (Forbes) Fuller '45 are anxious to have a Decade Reunion in the spring of 1990. This would be held once again at Domaine St. Laurent, Compton. Interested gals of the 40's should contact Kim Laliberte, Development Office, BCS, who will help to coordinate the reunion.

'48 Robert Jekyll, a stained glass artist, has been at the forefront of the development of modern architectural glass in Canada since 1975. He has designed and executed a wide variety of architectural commissions, including work for the Royal Military College in Kingston, the Ontario Crafts Council Gallery in Toronto and St. James Anglican Church in Dundas, Ontario.

'48 Thomas Cresswell is President of Tri-Can American Corporation, a distributing company for Swedish machinery "Husquarna".

'49 Jim Tremain sent page 14 of the last Bulletin correcting one of the names of the cast of The Tempest: "This is me! Ted is not that tall!" The editor apologizes, Jim!

'49 Tony Abbott has returned to Canada from London, England, with his wife Naomi (Smith) '50. Though a former Liberal cabinet minister, he is running as a candidate in the central Toronto riding of Eglinton-Lawrence for the Conservatives.

#### THE FIFTIES

'50 Tim Porteous has been appointed President of the Ontario College of Art in Toronto. OCA is the largest art and design institu-tion in Canada. The Chairman of the governing council said: "We need a strong and dextrous president - and we've got one.' '50 David Hyndman says he keeps a low profile, while overseeing a new \$60 million Park Lane retail and office development in downtown Halifax. He is Executive Vice
